

Solactive, Implementation of the below Adjustment for NEX/H2X/WNX Indexes, Spring 2023

The following change is to Section 3.1 Ordinary Rebalance in the guideline.

From:

3.1 ORDINARY REBALANCE

In order to reflect the new selection of the Index Components determined on the Selection Day (in accordance with Section 2.1 and 2.2) the Index is adjusted on the Rebalance Day after Close of Business. This is carried out by implementing the weights as determined on the Selection Day.

To:

3.1 ORDINARY REBALANCE

In order to reflect the new selection of the Index Components determined on the Selection Day (in accordance with Section 2.1 and 2.2) the Index is adjusted on the Rebalance Day after Close of Business. This is carried out by implementing the shares as determined on the Fixing Day based on the weights calculated on the Selection Day.
